That May Knock You Out of a Day's Work.

If you are a culomel user, next time you are tempted to buy it ask your druggist if he can absolutely guarantee the drug not to harm you. He won't do it because he CANT do it. But there is a good liver medicine which he CAN guarantee—the famous Dodson's Liver Tope. He will refund your maney without question if you are not thoroughly satisfied.

Go to him—your own druggist, whom you are acquainted with—and let him tell you of the great number of people who are now taking this remarkable remedy and feeling better, keener, healthier, and more able to enjoy life.

While it's seeming to benefit you temporarily, may do great harm in the call. If you haven't feels so far, it is because you are fortunate enough to have a strong constitution.

Don't take the risk any longer. Get a bettle of Dodson's Liver Tone (50 at 2) and note how easily and naturally it corrects all billous conditions, how it clears away that sick headache and who are now taking this remarkable remedy and feeling better, keener, healthier, and more able to enjoy life.

All this without the slightest interference with your regular habits—Adv.

REPUBLICANS ARE DUBIOUS ABOUT REORGANIZING PARTY

Progressive Members Leave Washing-ton for Conference in Chicago— Regulars Will Meet on May 24. Washington, D. C., May 2.—While many Progressive congressmen, headed many Progressive congressmen, headed by senator Cummins, were leaving to-day for Chicago for a conference on the reorganization of the Republican party, some of the "old guard" lenders dubiously were shaking their heads. "When the time comes to reorganize the Republican party," said senator Gallinger, an old line leader, "I think we must follow the men who helped build the party and not those who helped to wreck it." Senator Smoot and other regulars expressed similar sentiments.

and other regulars expressed similar sentiments.

The Progressives, however, went away hopeful of results. They will confer tomorrow and Monday, although some of those numbered in the Progressive ranks will not attend. Sonator Bristow said his senatorial duties would prevent him from going, and senator Norris said he had not taken any interest in the conference. Senator Cummins was unable to give a list of those expected to attend, but the conference will include several western members of the house.

Chairman Hilles, of the Republican national committee, already has called a reorganization meeting here for May 24. sentiments.

CAPTAIN DRANNEN, FOSTER SON OF CARSON, DEAD

Son of Carson, Dead

Noted New Mexico Pioneer, Known as
"Boy Scout of Frontier Days."

Passes Away in S3d Year,
An item in a recent issue of the Dallas News contains more than a passing interest to the old pioneers of this section. It chronicled the death at Mineral Wells, Texas, of Capt. William F. Drannen, in the \$3d year of his age. He was known as the "boy scout" in his early frontier days.

Capt. Drannen was a foster son of the noted Kit Carson, who adopted him when he was about 10 years of age. Drannen having been an orphan from his infancy. Many of his young years were spent in the company of Carson hunting, trapping, exploring, piloting explorers through unknown country, fighting indians and protecting emigrants crossing the plains.

After Carson retired and settled down to the sheep raising industry at Taos, Drennen, his foster son, carried on the work of scouting and piloting lumigrants, exploring expeditions, etc. His name will always be linked with those of Fremont, Kit Carson, Doniphan, Jim Bridger, Jim Beckwith, Gen, Kearney, Gen, Canby, Gen, Crook and other heroes of the plains and frontier.

WIGWAM SCORES AGAIN.

The Wigwam has scored again in securing "From the Manger to the Cross," a 6000-foot feature. This production was made at the authentic locations in Palestine and Egypt. One impressive scene is the one in which the Holy Family seek shelter in the shadow of the Sphinx. A trip was made to Egypt to secure this. The New York Sun says of the production:

"From the Manger to the Cross" is a wonderful moving picture. It is probably the most expensive and carefully planned film in the world. The manger at Bethlehem to his crucificion at Mount Calvary is presented in moving form.

"Hoffman has been followed in the features of Christ, Tieso in the detail of dress and customs and Herr Schick in architectural matters. The pictures are wonderfully toms and Herr Schick in architectural matters. The pictures are wonderfully good, depicting customs and scenes in the Holy Lands, and visualize many things that had seemed unreal. Their educational value is beyond compute." "From the Manger to the Cross" will be shown at the Wigwam Monday and Tuesday. The admission will be 25 cents for adults and 15 cents for children. The rental price of this film is six times that of the usual show of three reels.—Advertisement. son, when Johnson's counsel objected to the introduction of any evidence bearing on the counts in the indictments.

Pimples Should Be Watched

May be Means of Absorbing Disease Germs in Most Unexpected Manner.

The world renowned laboratory of the Swift Specific Company has col-lected a wast amount of information regarding the spread of blood diseases. in thousands of instances the most virulent types have been the result of coming in contact with disease germs in public places, and the apparently insignificant pimple has been the cause. It spreads with astonishing rapidity, often infecting the entire system in a

few days. It is fortunate, however, that there is a remedy to cope quickly and thoroughly with such a condition, and thanks to the energy of its producers the famous S. S. S. may now be had at almost any drug store in the civil-ized world.

This preparation stands alone as a blood purifier. It is somewhat revolutionary in its compositon, since it accomplishes all that was ever claimed for mercury, iodides, arsenic, and other destructive mineral drugs, and yet it is absolutely a purely vegetable prod-uct. It contains one ingredient which serves the active purpose of stimu-lating each tiny cellular part of the tissues to the healthy and judicious selection of its own essential nutriment. There are more cases of articular rheumatism, locomotor ataxia, paresis, neuritis, and similar diseases resultant from the use of minerals than most people are aware of. These facts are brought out in a highly interesting book compiled by the medical department of The Swift Specific Co., 137 Swift Bidg. Atlanta, Ga. It is mailed free, together with a special let-ter of advice, to all who are struggling with a blood disease.

Get a bottle of S. S. S. to-day of your druggist. It will surprise you with its wonderful action in the blood.
